A Goldilocks' mother told her about the bear family and she wanted to visit the bears.

B Next, she tried all three chairs in the living room because she was tired, and accidentally broke the little one, which was just the "right size". She did not care whose chair it was.

C She was a clever little girl; she has never lost her way in the woods.

D She went upstairs and after trying all three beds, she fell asleep in the little bed because that was not too hard, was not too soft, that was "just right" for her.

E She was hungry, so when she saw three bowls of porridge on the table, she tasted all three of them and finished the one in the little bowl because its temperature was "just right" for her. She did not mind whose breakfast it was.

F Soon three bears, the owners of the house, arrived home. They immediately saw that someone has been in their home. They saw the mess in the kitchen, and the living room. When they found the little girl in Baby Bear's bed, Goldilocks woke up and ran away without saying a word to the bears.

G She knocked on the door. Though nobody answered it, she went inside.
